**Statement from Congresswoman Louise Slaughter
23rd Congressional District, NY**

June 16, 2009

U.S. Rep. Louise Slaughter: "It is important to encourage our young adults to pursue interests in science and technology and I applaud the work of TRSEF. Ensuring that future generations excel in these key fields is not only vital for the development of our region as a high-tech hot-spot but also to maintain our country's competitive edge."
