

# FAMILY SCIENCE ADVENTURE

One \$975 grant brings this hands-on workshop to you! The Ying TRSEF will recruit volunteers, run a media campaign, bring all supplies, provide training, and offer special programs for adults while youth work in small groups with scientists and engineers.

Alfred University's Family Science Adventure - proof that scientists and engineers not only learn great things, but also have a great time doing so!

Aerodynamics  
Applied Mechanics  
Biotechnology  
Chemistry  
Civil Engineering  
Geometry  
Health Science

### I want to know more about:

\_\_\_\_\_ What happens at the Family Science Adventure?

\_\_\_\_\_ Our district has its own Educational Foundation. The Ying TRSEF should apply for a grant.

\_\_\_\_\_ Can a company sponsor this workshop for its employees' families?

\_\_\_\_\_ What discounts are available if we do some of the preparation?

\_\_\_\_\_ Other: \_\_\_\_\_

Feel free to contact the Ying TRSEF directly  
at [trsef@verizon.net](mailto:trsef@verizon.net) or 315.468.1025.
